Invitation to Tender/Pre-Qualification

June 26, 2017

The Association of Federal Government College Enugu Alumni Americas (AFGCEAA) formed a Project Implementation Committee (PIC) to oversee the execution of projects that would improve living conditions, and foster a better learning and teaching environment for students and staff at our great alma mater Federal Government College, Enugu (FGCE).

Invitation to Tender: Water Pipelines at FGCE

Bids are invited from interested members of the public for the supply of part or all of the following products and/or services:

Laying of Water Pipelines at Federal Government College, Enugu.

Solution Needed

There is need to lay water reticulation pipelines linking the water reservoirs to various points of consumption throughout FGCE – student hostels, classrooms, kitchen, staff quarters, etc. The total distance covered is estimated to be up to 3 kilometres.

Vendors are invited to bid for participation in this project. The contract will be split into materials and installation. Contract may be awarded for one or the other or both to a particular vendor. The installation contract is awarded on 12-ft partition basis, so multiple contractors may be involved.

The materials price includes transportation costs and will be based on delivery to FGCE, and cash on delivery for bulk orders exceeding N100,000 value. For smaller orders a reasonable allowance will be made for transportation within Enugu depending on the volume of the order, or the client could arrange for pick-up within Enugu. Once material prices are agreed via this contract, material orders may be placed from time to time within the next 30 days.

The installation contract includes excavations (up to 2 ft deep), retrieving any older pipeline (but excluding its transportation out of the site), laying of new pipelines (with materials provided such as PVC pipes, valves, joints and bends), testing for any leaks, and covering up the excavation. More than one vendor may be involved in the entire water reticulation project, covering different areas. Once rates are agreed, a vendor may be requested via a work order from time to time to provide pipe laying services at different parts of the school.
